ANNUAL INDEX

Engineering Education

Volume 71, Numbers 1-8, 1980-81

The page numbers in this index refer to the eight issues of *Engineering Education* for 1980-81.

1-128	October	315-376	February
129-190	November	377-656	March
191-252	December	657-734	April
253-314	January	735-812	May

Note: The March issue, devoted to Engineering Research and Graduate Study, contains its own detailed index.

In this index, **boldface** type indicates subject headings; *italics* indicate authors (and titles of books reviewed); and titles of articles and departments appear in regular type. Page numbers are explained above.

A

AAES: 10, 29
ABET: 326, 753
ABET Clarified, 662
acad. preparedness: 345, 353
accreditation: 326, 662, 753
Administering an ET Support Program: What Does It Cost? 771
administration: eng. & ET progs., 761; interdisc. projects, 167
advisers, stud.: 350
Aids for Educators, 189, 251, 310, 374, 733, 808
Albright, Libbi Gerber, 677
Albright, Robert J., 677
Annals of Engineering Education, 203
Another Look at Ranking Programs by Alumni Achievement, 183
Approaching Dilemma, An, 668
ASCET:754
ASEE: about the Society, 23; active projects, 28, 31; annual conference (1980) 43, (1981) 669, 749; award recipients (1980-81) 33; board of directors, 55; constitution & bylaws, 56; division periodicals, 18; exec. director appointed, 324; goals, 10; income & expenses, 55; institutional member directory, 95; nominees for offices (1981-82) 306; organization, 56; records, 87; REETS, 28; review of the year, 28
ASTM Standards, 200
audiovisual materials: 226, 347, 358

Calendar, Society, 194, 257, 318, 380, 660, 738

PREPARING BUDGETS OR GRANT APPLICATIONS?

Please consider this comprehensive range of quality apparatus for engineering and technical education. Check interest below.

- ☐ Gas Turbine
- ☐ Engine Test Stand
- ☐ Combustion
- ☐ Direct Energy Conversion
- ☐ Air Pollution Laboratory
- ☐ Air Conditioning
- ☐ Refrigeration
- ☐ Water Cooling Tower
- ☐ Heat Transfer
- ☐ Fan Test/Air Distribution
- ☐ Air Compressor
- ☐ Hydraulics Bench
- ☐ Flow Channels
- ☐ Water Pumps
- ☐ Water Turbines
- ☐ Vibration
- ☐ Tribology/Lubrication
- ☐ Air Quality Instrumentation
- ☐ Water Quality Instrumentation
- ☐ Exhaust Emissions
- ☐ Electrical Machinery
- ☐ Electronics
- ☐ Metal Working
- ☐ Structures

For free catalog clip or (XEROX) and return.

Correction

The Engineering Manpower Commission would like to make the following corrections in its article, "Engineering and Technology Degrees, 1980" which appeared in the April 1981 issue of *Engineering Education:*

1. Table 1, p. 713, entitled, "Schools Awarding the Most Degrees in 1980" (bachelor's degree listing): the University of Missouri at Columbia should be deleted from the listing and the University of Minnesota should be added as the school ranked number 10, with 751 degrees awarded.

2. In table 5, p. 715, entitled, "Engineering Degrees by Minority Group, 1980" (under bachelor's degree heading), the percentages should be: Black, 2.3; Hispanic, 2.3; and Asian/Pacific Islanders, 3.3.

We regret any inconvenience to the readers.

Patrick J. Sheridan
Manager, Manpower Activities
American Association of Engineering Societies
